

VJ Electronix Appoints SmartRep GmbH As Its Distributor in Germany and Austria

September 2017 — VJ Electronix, Inc., the leader in rework technologies and global provider of advanced X-ray inspection and component counting systems, has partnered with SmartRep GmbH as its distributor throughout Germany and Austria. By partnering with SmartRep, which offers both sales and technical support capabilities throughout the German-speaking territory, VJ Electronix will be able to provide local coverage in a more thorough and responsive manner.

SmartRep is well-known for its deep understanding of the challenges facing electronic manufacturers. VJ Electronix expands the SmartRep portfolio with automated rework and X-ray inspection systems with many advanced capabilities, which will advance German electronic manufacturing by satisfying specific application requirements.

“VJ Electronix is extremely pleased to have a partnership with one of the most respected distributors servicing the German speaking territories,” says Don Naugler, President of VJ Electronix. “The combination of SmartRep and VJ Electronix will offer the German electronic companies access to world-class advanced rework and X-ray systems.”

“SmartRep extended the product portfolio with material management concepts in 2017,” says Andreas Keller, Managing Director of SmartRep. “In VJ Electronix we found a partner who develops systems that perfectly complete our material handling solutions. In times of the smart factory, this field becomes more and more important and will be very interesting for our customers in German speaking territories.”

SmartRep is a technical distributor of manufacturing equipment and process systems for the electronic production. Being a longtime partner of global market and technology leaders, SmartRep established itself as a competent counterpart and solutions provider on the market. SmartRep offers a perfect combination of sales and services. A major role thereby is the expert advice and technical application. Customers benefit from years of experience and cross-system process know-how. For more information, visit www.smartrep.de/en/.
