

## **FOR IMMEDIATE RELEASE**

### **VJ Electronix Strengthens Its Middle Eastern Sales Channel**

June 2011 — VJ Electronix, Inc., the leader in rework technologies and global provider of advanced X-ray inspection systems, is pleased to announce that Head-Tech Engineering Ltd. is the exclusive manufacturers' representative throughout Israel for all Rework and X-ray products.

Head-Tech represents VJ Electronix's new SRT Micra, Summit Series, 400 Series Rework products and Vertex Series X-ray inspection systems. The VJ Electronix X-ray and Rework products help strengthen a leadership position in Israel and broaden the wide range of solutions that Head-Tech brings to the electronics manufacturing industry.

Founded in 1994, Head-Tech Engineering represents some of the world's leading manufacturers of equipment and materials for the electronics industry, with emphasis in PCB Assembly, Test and Inspection. Head-Tech's portfolio including VJ Electronix' products and information can be viewed at [www.head-tech.co.il](http://www.head-tech.co.il) or contact a member of the Head-Tech Engineering team in Tel Aviv at +972.3.696.2132

VJ Electronix, with over 20 years of experience in the electronics industry, has a complete range of machines used in different fields wherever a high technology level is required, e.g. aerospace, military, medical, NDT, etc. The support and experience provided by Head-tech Engineering in Israel is a key step in the company's strategic direction to raise its profile in the Middle East international market.
